PROFILE

Recent B.Tech graduate in Computer Science with a strong foundation in front-end web development. Hands-on experience in HTML, CSS, JavaScript and responsive web design. Proficient in Core Java and Advanced Java, currently learning Spring Boot and Microservices to build backend and full-stack development skills. Eager to apply my knowledge to real-world projects, build user-friendly applications, and continue learning new technologies.

EXPERIENCE

Web Development Intern

June 5, 2025 – July 4, 2025

Exposys Datalabs

Remote

- Created responsive multi-page websites using HTML, CSS, JavaScript, and Bootstrap.
- Improved my frontend development skills through practical project work.
- Learned how to build user-friendly and mobile-friendly designs.
- Followed mentor guidance to finish assigned project on time.

Web Development Intern

Nov. 2024 – Jan. 2025

Skill Savvy (MSME Approved)

Remote

- Created attractive and responsive web pages, including an e-commerce product page, a movie fan page, and a user registration form using HTML, CSS, JavaScript, and Bootstrap.
- Improved skills in front-end development by using best practices for layout, styling, and interactivity.
- I took my mentor's advice to improve my project and finished it on time.

PROJECTS

Kisan Bazaar – Agro Website | HTML, CSS, JavaScript, Bootstrap

- Built a responsive, user-friendly front-end website for farmers to showcase products.
- Designed layouts, forms, and interactive elements for easy browsing.
- Focused on improving usability and the overall user experience without a back end.

My Blog Post Website | Node.js, Express, EJS, HTML, CSS, JavaScript

- Developed a website to create, edit, and delete blog-style posts that showcase my web projects.
- Implemented dynamic content rendering with EJS templates and Express.js
- Focused on front-end design and responsive layout for a clear presentation of posts.

My Book Store | Node.js, Express, EJS, PostgreSQL, HTML, CSS, JavaScript

- Developed a full-stack website to add, edit, and delete books with data stored in PostgreSQL.
- Implemented smooth navigation and responsive front-end design for a better user experience.
- Used Express.js and EJS templates for dynamic content rendering and back-end integration.

CERTIFICATIONS

Full Stack Web Development

Completed a full-stack course covering HTML, CSS, JavaScript, React, Node.js, Express, EJS, and PostgreSQL.
